

OBJECTIVE

Apply hands-on design skills, problem solving, and varied life experiences to create greater user experiences. I am passionate and will do all I can to accomplish what I have set out to do, as well as what should be done.

EDUCATION

Arizona State University

Bachelor of Science, Industrial Design & Design Management (double major)

August 2011 – May 2015

Utah Valley University

Associate of Applied Science

August 2008 – 2010

EMPLOYMENT

Freelance – Industrial Design, User Experience Design, Graphic Design

2015 - Present, Orem, UT

Product research and design, new concepts, ideation, graphic design, logo/icon design, and UI/UX

Clients include: Ooblec Design LLC, Guava LLC, and Paak Packs

Braven - Package / UX Design Intern

2016, Orem, UT

Worked on packaging, new speaker concepts, graphic design and app design

Helped design a new look for packaging and helped guide the direction of new Braven products

BioLite - Industrial Design Intern

2014, Brooklyn, NY

Worked on product research, new product concepts, graphic design, ideation, and manufacturing

Found sourcing for new manufacturing and designed new model to lower cost of production

Avocado Design Works – Founding Partner & Senior Designer

2013 – 2014, Tempe, AZ

Worked with clients on product ideation, design, prototyping, branding and manufacturing

Solved one client's product issue with design and patent of new bottle

Beecher Walker Associates – Drafter & Intern

2011, Salt Lake City, UT

Worked with 3D software

Helped design/draft floor layouts for commercial buildings, which included working onsite with clients

Jonny Boards – Custom Longboard Builder

2008 – Present, Sandy, UT

Started a longboard company, where my partner and I design, hand shape, and sell custom longboards
